7th June, 2025

MEDIA RELEASE

ENGAGEMENT OF SECURITY PARTNERS TO REINFORCE SECURITY SYSTEMS AT PIARCO INTERNATIONAL AIRPORT

Please be advised that immediately following the incident on Friday June 6th, 2025, the Airports Authority of Trinidad and Tobago ("the Authority") implemented further measures to reinforce its security systems at the Piarco International Airport.

The Authority has redeployed its existing security manpower and resources to mitigate against further threats of this nature. In addition, we have reached out to our partner agencies in Homeland Security and Defence, to effect a more direct involvement by our security partners with a view to establishing a more long-term, permanent and sustained presence at the airport.

The Authority has also engaged the Estate Police Association (EPA) which represents our Security Officers. The EPA has indicated its continued support for plans to strengthen our security apparatus.

We are also currently implementing plans to increase the security manpower at the Piarco and ANR Robinson International Airports, as evidenced by recent advertisements issued for Estate Constables.

Our Line Minister, Senator the Honourable Eli Zakour, Minister of Transport and Civil Aviation has been actively involved in developing the strategies for the enhancement of the safety and security of the Piarco International Airport.

The Authority wishes to reassure the public that we will continue to work with our security partners to ensure that the airport environment remains a safe and secure location for all airport users and stakeholders.
